Club Casual

Club Casual attire for gentlemen means tailored trousers or neat denim jeans, shirts with collars and sleeves (long or short), worn with or without a jacket or tie, or worn with a conservative pullover. Ladies follow the same club casual code as gentlemen.

(Shorts, leggings, T-shirts, tracksuits, sportswear, training shoes and similar casual wear are not permitted).

Jacket and Tie (when specified at Club events)

Gentlemen are expected to wear a jacket and tailored trousers, a shirt with a collar and tie at all times, unless a more formal dress such as a lounge suit, black tie or uniform is specified.

Ladies should dress conservatively and follow the same formal or smart casual dress code as gentlemen. Trousers, when worn, must be tailored.

Private Functions/Function Rooms

An organiser/convenor who is hosting an event may select the dress code provided the event is being held in a private room. If guests wish to tour other areas of the Club, such as the Members Bar and Dining Room, then they must meet the minimum dress requirements. For Club events the dress code will be detailed in the event write-up

Guests

Please ensure that any guests you may bring into the Club also meet the above requirements. Members and guests residing in the Club when entering or leaving the Club may wear appropriate casual dress.
